

CALL FOR PAPERS

Computational Optimization, Modelling and Simulation (COMS 2010):

Post-Conference Special Issue of

International Journal of Mathematical Modelling and Numerical Optimisation (IJMMNO) (www.inderscience.com/ijmmno)

The workshop *Computational Optimization, Modelling and Simulation (COMS 2010)* is a part of the International Conference on Computational Science (ICCS 2010) to be held in Amsterdam, May 31 – June 2, 2010. COMS 2010 attracted unusual interest and a large number of papers have been submitted to COMS2010, covering various aspects of computational optimization and modelling, including new algorithms, simulation and modelling techniques, as well as applications in many fields of science and engineering. About twenty papers have been accepted and the workshop will be a two-day event.

The post-conference special issue of the *International Journal of Mathematical Modelling and Numerical Optimisation* (www.inderscience.com/ijmmno) will appear in February/March 2011. Authors of accepted COMS papers wishing to have their contribution considered for this special issue should submit their papers in PDF format before **August 5, 2010** to the guest editors (S. Koziel, L. Leifsson). Please indicate your *interest of contribution* by sending a short email including the title of the paper, a short abstract (50 to 100 words) and the estimated number of pages of your paper to the guest editors by **June 30, 2010**.

Manuscripts should conform to the requirements for regular papers of IJMMNO. All submitted papers will be peer-reviewed.

Guest Editors:
